AMERICA'S 5,000 FASTEST-GROWING PRIVATE COMPANIES REVEALED SleepSafe Drivers Ranks No. 803 on the 2015 Inc. 5000 With Sales Growth of 553%

NEW YORK, August 12, 2015— Inc. magazine today ranked SleepSafe Drivers® NO. 803 on its 34th annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent entrepreneurs. Companies such as Yelp, Pandora, Timberland, Dell, Domino's Pizza, LinkedIn, Zillow, and many other well-known names gained early exposure as members of the Inc. 5000.

SleepSafe Drivers provides for the testing and treatment of sleep disordered breathing conditions, and specializes in fleets and high-risk occupations in risk sensitive positions or with challenging work schedules. SleepSafe Drivers has a complete program for sleep apnea and fatigue management. Their program has been proven to get results with documented reductions in accidents, hard braking and medical costs.

"The growth we have experienced is a direct correlation with the transportation industry identifying the need to improve overall safety for their employees and the public in general," said Dana Voien, President and CEO, SleepSafe Drivers, Inc. "We are excited to be included in this prestigious list, but owe part of our success to the folks who want to make a dent in the epidemic of sleep apnea."

The 2015 Inc. 5000, unveiled online at Inc.com and with the top 500 companies featured in the September issue of Inc. (available on newsstands August 18 to September 22) is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 490%. The Inc. 5000's aggregate revenue is \$205 billion, generating 647,000 jobs over the past three years. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief Eric Schurenberg. "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."

Inc. 500|5000 Methodology

The 2014 Inc. 5000 list is ranked according to percentage revenue growth when comparing 2010 to 2013. To qualify, companies must have been founded and generating revenue by March 31, 2010. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2013 (since then, a number of companies on the list have gone public or been acquired). The minimum revenue required for 2010 is \$100,000; the minimum for 2013 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at www.inc.com/500.
